Apply extensive working knowledge of related issues for SMEs, and relevant international best practices. The tasks are conducted in close coordination with TA 4060-VIE: Legal System Development up to Year 2010 and Capacity Building for Secured Transactions Registration, and include:

(i) Provide technical advice to the Ministry of Justice (MOJ) in preparing an implementation decree to the ordinance on registration of secured transaction, which:

- (a) permits anyone to obtain free non-certified search reports through an Internet-based search of NRAST records,
- (b) permits frequent registrants to register online, and
- (c) limits required data to identification and description of collateral, which may be general, except for vehicle serial number.

(ii) Provide technical advice to MOJ with issuing implementing legal normative document(s) that enable(s) an e-Government service delivery model to be operated by the National Registration Agency for Secured Transactions (NRAST).

(iii) Provide technical support to MOJ for issuance of detailed implementation plan for NRAST that covers: a detailed budget for development of online secured transaction system; planned activities to increase public awareness; capacity building for system operations; and detailed project roll-out scheme.

This work is being carried out in Viet Nam.

The role of Secured Transactions in capacity building in the financial services sector is discussed in:
[Viet Nam Increasing Access to Credit Through Collateral \(Secured Transactions\) Reform](#)
